Directions to the C.S. Mott Children’s Hospital Floor 7:

Parking for C.S. Mott Children’s Hospital is in Parking Structure A. Use the South Entrance. Remember the level on which you parked. Bring your parking coupon with you to your appointment to be validated at the clerical stations for a reduced rate.

Locate the south parking structure elevators. Take the parking structure elevator to Floor 2. Turn left after exiting the elevator and enter the Taubman Center. The Welcome/Registration Desk is on your right. Here you will receive your "blue hospital card" or you may update your registration information.

Look at your appointment notice for the floor location and reception area of your appointment. Proceed straight through the lobby into C.S. Mott Children’s Hospital. You will pass the admission and business office on your right, and “Big Bird” and the Friend’s Gift Shop on the left.

Follow the kaleidoscopes to the Mott West Elevators.

Take West Elevator up five levels to Floor 7. Turn right off the elevator, then right again. On the left side of the hallway there is a door. Please disregard signage of no babies allowed. Proceed through this door, walk down the ramp, and continue down the hallway, just before the end of the hallway you will see the Pediatric Intestinal Failure Clinic on your left.
